Speaker Biography

Brian Wolff

Indiana Department of Environmental Management

Brian Wolff has served as the Branch Chief of Surface Water, and Operations for the Indiana Department of Environmental Management for the past 6 years. The branch covers Wetlands, Stormwater, MS4's, and operational duties for all of the water quality division. Prior to joining Water Quality, Brian served 10 years as manager of the Special Projects Section in the Office of Air Quality, and for 5 years evaluated human health risk assessments in the Office of Land Quality.
